

Stage III Facilitator

This is a unique position which enables you to work with an existing group of Wollangarra young people over a long period. It is a rare opportunity to really get to know a group of young people and be able to implement your own ideas and skills into an amazing outdoor education program.

The position includes facilitating this group to work as a healthy body to organize their own local projects at and from Wollangarra as well as outdoor trips.

Relevant and specific training of these young people is expected from the facilitator along with the coordination of Stage III in conjunction with the Wollangarra philosophy and its other programs.

The position does not need to be based at Wollangarra but would require one week a month on average at Wollangarra.

Please ring to discuss this job in further detail with Lisa or Chad O'Donnell before applying.
